

# PROVISIONAL CERTIFICATE OF ANALYSIS

**511X G05H1 (batch J)**

## Reference Material Information

Type: ALUMINIUM / MAGNESIUM  
Form: Disc or Chips  
Manufactured by: RSP Technologies, Holland  
Certified and Supplied by: MBH Analytical Ltd

## Provisional Composition

### Percentage element by weight

Element	Cu	Mg	Si	Fe	Mn	Ni	Zn
Value	0.32	2.00	0.41	0.75	0.012	0.125	0.23

Element	Pb	Sn	Ti	Cr	V	Zr	Cd
Value	0.015	0.20	0.21	0.245	0.065	0.002	0.007

## Notes

These provisional values are derived from the very early results of an incomplete interlaboratory testing programme, which will be fully detailed on the final certificate. The stated values should be used for guidance only. This material should not be used for calibration purposes until formal certification is completed.

This document will be superseded in September 2018, and should not be used after that time.

This material will remain stable indefinitely, provided adequate precautions are taken to protect it from cross-contamination, extremes of temperature and atmospheric moisture.

The material to which this provisional certificate of analysis refers is supplied subject to our general conditions of sale.
